This privacy policy (“Privacy Policy”) is designed to inform you about the types of personal information (“PI”) Ancora High School collects from you on hard copy forms, by phone, or in connection with your use of one of our websites (“the “Site”). It is also intended to explain the conditions under which Ancora High School uses and discloses that information and your rights relating to the collection, use, and disclosure of that information.

YOUR CONSENT

When providing your PI on paper forms, by phone, or by using the Site, you consent to our collection and use of your personal information as described in this Privacy Policy. Please review the entire policy to learn about what type of information is gathered, how such information is used and what information may be disclosed to third parties.

WHAT PERSONALLY IDENTIFIABLE INFORMATION DOES ANCORA HIGH SCHOOL COLLECT FROM ME?

Ancora High School collects various types of personally identifiable information and non-personally identifiable information through our Site and/or when we talk to you on the phone and meet with you in person. Personally identifiable information may include your name, address, email address, phone number, gender, social security number, driver license number, criminal background check, drug

screening results, credit card/financial account information, occupation, industry and personal interests, photograph, and user account password (“Personal information”, “Identifiers”). This Personally identifiable information is used to create a customer profile in our database to track contact, status of enrollment in courses/programs, attendance, and program/course progression, grades, and completion. Driver license number, criminal background check, and drug screening results are used in CDL programs for Motor Vehicle Records (“MVR”) reports/driving records. Credit card/financial account information provided is used to make payments as scheduled and authorized. We may ask you for Personal information, including (but not limited to) when you download a file (such as a .PDF file) from us; when you ask us to contact you; when you join our mailing list; when you enroll in a course or program, when you enter information to make a financial payment, and when you report a problem with one of our sites or services. If you contact Ancora High School, we may keep a record of that correspondence. Ancora High School may also occasionally ask users to complete surveys that we use for research. If you communicate to us by e-mail, we will record the e-mail address from which you send your message. Any telephone calls to and from Ancora High School may be monitored and recorded for quality assurance and training purposes. Ancora High School may also obtain Personal information from third-party vendors (“Affiliates”) when you voluntarily provide such information to a vendor and request information about an Ancora High School educational program.

WHAT NON-PERSONALLY IDENTIFIABLE INFORMATION DOES ANCORA HIGH SCHOOL COLLECT FROM ME?

Non-personally identifying information (“Aggregate information”) is information that, without the aid of additional information, cannot be directly associated with a specific person. Like most website operators, we collect Aggregate information about your activities

online (such as the pages you access most frequently) through the use of cookies, web beacons, Internet Protocol (IP) addresses, browser and other computer information, click-through URLs, and domain name tracking. If you have voluntarily disclosed Personal information to Ancora High School, some or all of the Aggregate information may be linked to your Personal information.

Cookies

As part of offering and providing customizable and personalized services, Ancora High School uses cookies to store and sometimes track information about you. A cookie is a small data file that is sent to your browser from our web server and stored on your computer's hard drive.

1. Remind us of who you are and to access your information (stored on our computers) in order to deliver to you a better and more personalized service. For example, a cookie is set when you register or "Sign In" and is modified when you "Sign Out" of our services.
2. Automate certain areas of the Ancora High School websites or online forms.
3. Estimate our audience size. Each browser accessing the Ancora High School website is given a unique cookie which is then used to determine the extent of repeat usage, usage by a registered user versus by an unregistered user, and to help target advertisements based on user interests and behavior.
4. Measure certain traffic patterns, which areas of the Ancora High School website you have visited, and your visiting patterns in the aggregate. We use this research to understand how our users' habits are similar or different from one another so that we can make each new experience on the Ancora High School

website a better one. We may use this information to better personalize the content and promotions that you and other users will see on our sites.

5. For some of the reasons listed above Ancora High School does tie Personally information such as your email address to our cookies, for instance, if you register to access certain areas of our website.
6. You also have choices with respect to cookies. By modifying your browser preferences, you have the choice to accept all cookies, to be notified when a cookie is set, or to reject all cookies. Please refer to your browser's help section for further information about your options for controlling or monitoring cookies. However, some parts of the Site may not function properly if you choose not to accept cookies.

Web Beacons

We and third parties employ on our sites a software technology called Web Beacons, that help us better manage content on our site by informing us what content is effective. Web Beacons are tiny graphics with a unique identifier, similar in function to cookies, and are used to track the online movements of Web users. In contrast to cookies, which are stored on a user's computer hard drive, Web Beacons are embedded invisibly on web pages and are about the size of the period at the end of this sentence. Web Beacons generally work in conjunction with cookies, registering when a particular computer visits a particular page. We tie the information gathered by Web Beacons to our customers' personally identifiable information.

We also use Web Beacons in outgoing HTML-based emails to track the success of marketing efforts, so we can improve our systems. This allows us to gauge the effectiveness of certain communications and

the effectiveness of our marketing campaigns. If you do not want to receive Web Beacons in emails you can opt-out of these emails or change the type of email you receive to text only.

We engage a third-party tracking service that uses cookies and Web beacons to track aggregated, non-personally identifiable information about visitors to our site, in order to track usage and volume statistics and our websites.

Internet Protocol (IP) Address

Ancora High School's servers also automatically identify your computer by its Internet Protocol (IP) address. An IP address is a number that is automatically assigned to your computer by your Internet service provider. Your IP address does not identify you by name, however, it may reveal your geographic area and your Internet service provider. Ancora High School may match your IP address to your Personal information.

Computer Profiles

Ancora High School may also collect and accumulate computer profile data which will help us understand and analyze the Internet experience of our visitors. For example, Ancora High School may collect data relating to the type of browser used, operating system software, screen resolution, color capability, browser plug-ins, language settings, cookie preferences, search engine keywords, and JavaScript enablement.

Click Through URLs

Ancora High School may send you e-mail messages with a "click-through URL" linked to the content of the Site. When you click onto one of these URLs, you will pass through our server before

arriving at the destination webpage. Ancora High School may track this click-through data to help us determine subscriber interest in the subject matter and measure the effectiveness of our subscriber communications. You can avoid being tracked simply by not clicking on any links or images in the e-mail.

Domain Name Tracking

When you visit the Site, we automatically record the name of the domain from which you accessed the Site. Additionally, if you got to the Site by means of a link from another site, our computers will note the fact that you came to us from that linked site.
